

# “This is what we are about...”

...we plant seeds that one day will grow...

...we water seeds already planted, knowing that they hold future promise...

...we lay foundations that will need further development...”

Words attributed to Archbishop Oscar Romero of El Salvador

## Creating a climate for justice

In Central America, because of climate change, families are experiencing more droughts and floods, which ruin the crops they need for food. Learning new farming techniques means that they don't go hungry, whatever the weather throws at them. Make a WEE change in your life this Lent – give up something like chocolate or crisps and put the money you save in a WEE BOX. It will help SCiAF make BIG changes in the lives of some of the world's poorest people.
